

Regional workshop for establishing regional network *Viadukt* at Stip

Regional workshops were organized to offer open space for sharing experiences, exchanging good practices, discussing and defining joint concepts, priorities, as well as cooperation and networking needs. The workshop for finalization and adoption of the working program for the regional network „Viadukt” was held on 14th and 15th October, 2008 in Stip. The NGO Support Center Stip provided technical assistance for institutional network development, including the facilitation of the network development process (consultancy work). 16 representatives from institutions and NGOs from Stip, Kriva Palanka, Kumanovo and Rankovce participated in this meeting. Facilitator of the workshop was Mario Veljkovic.

The aim of the meeting was to review the draft version of the working program and to define a structure of the network, as well as to prepare a memorandum for cooperation. Within the first day, participants worked on the draft program, separated in two working groups. Participants worked on a draft-structure of the network within the second day. At the end of the networking meeting, all draft documents were adopted and a memorandum for cooperation was signed.
